"PROFESSIONAL, PERSONABLE AND EXCEPTIONALLY PLEASANT TO WORK WITH"

PROFESSIONAL | PERSONABLE | EXPERIENCED

Introduction

7 Exhibitions work with agencies and clients directly to build and project manage customer exhibition stands, point of sale units, indoor displays, outdoor exhibition branding and more. We work in many sectors and our work has taken us to America, Abu Dhabi, India, and Canada, all over Europe and throughout the UK.

Our advice is invaluable - from inside knowledge on the venue itself to suggestions on materials and techniques to create that head-turning appeal for your brand. We enjoy bringing the 'vision' to life and nothing gives us greater satisfaction than seeing our customers' delight with the end result.

Our experience has proved that clear communication is central to the success of any project. We collaborate with your managers and staff throughout the project until the point where we hand over on the day of the exhibition or event.

With 5,000 square feet of workspace, our skilled team can manufacture a bespoke stand to your exact specification; and with a further 15,000 square feet of storage space we can store all or any element of your exhibition stand or display for future use.

We are a creative and hard working team who have been together since the start of the business in 2003. We revel in the detail and never tire of that sense of pride when we stand back and admire a completed project.
